CAROLINA REGION, USAV
ADULT PLAYER MOVEMENT FORM

For 2009/2010 all adult teams will be considered part of the SAME club for Player Movement purposes! The Club Player Movement Policy (in Operating Code and at FAQ on website) must still be followed, this form must be completed, and this form must be turned in with the team's roster at each tournament a temporary move takes place. The following player(s), being registered members of the Carolina Region are being added to the listed team, which is different from the team which they are registered with the Region. This movement is for the indicated tournament date only unless "Permanent Move" Box is marked as "YES" (permanent moves require prior approval by both team reps and the Adult Competition Committee). Temporary Moves (non-permanent) do not need to be sent to the Region Office before the tournament. Just add the player to your roster at the tournament and attach this form to the roster. The Tournament Director will send it to the Region with the rosters. **Teams are limited to picking up at most TWO temporary club movements per tournament as well as the other guidelines established by the Club Movement policy listed in the Operating Code**. This form and policy does not apply to the Unaffiliated Player List (see Operating Code for those procedures). Teams not following the Club Movement Policy may have their movement privileges revoked. **NOTE: Only registered Team Reps are permitted to sign this form.**
