

Carolina Region Regional Bid Ranking System

Carolina Region Junior teams that are interested and committed to accepting a Carolina Region bid to the USA Volleyball Girls' Junior National Championships will be ranked by the following process. Once the applicable deadline passes, the Region office will finalize the rankings and award the Region bids to the highest ranked teams in each age group. Teams will be able to select which division bids they would like to be considered for. A Region bid tournament may still be held for the 12-17's age groups in 2023 if there are enough interested teams by the deadline and they submit preference for the tournament over the ranking system. The 18's age group bids will be decided by this ranking system.

DEADLINES:

All teams wanting to be considered for a Region bid will submit an application at this link:

<https://forms.gle/2CoQgPux8nco3uS56>

Deadline for 18's teams: March 20, 2023

Deadline for 12's - 17's teams: April 10, 2023

PROCESS:

Teams may submit their application above at any time before their applicable deadline. Teams should only apply if they are committed to accepting a bid if they are awarded one.

Clubs/teams that decline or turn back bids may be removed from the Region bid process in future seasons. This process is for committed teams only that want to attend the USAV JNC.

Once a team submits an application, the Region office will begin tracking their tournament results/points. The application will ask for the team's full season USAV schedule. At the applicable deadline, the Region office will finalize the rankings and award our available bids.

If there are enough teams to host a bid tournament at the 12's-17's age groups and the teams indicated they wanted to hold a bid tournament rather than use the ranking system, then a bid tournament will be scheduled on either Saturday or Sunday of the last two weekends in April, 2023 (April 22-23 or 29-30). If a bid tournament is scheduled, teams will need to participate in order to be considered for a bid.

RANKING POINT OPPORTUNITIES:

- Teams will receive the highest point value available for their finish – it is not cumulative per tournament.
- Higher point values available for March/April events to reward teams that get better later in the season
- All point values are multiplied by the following factors for applicable events to account for and reward playing in tougher divisions:
 - o Open – multiplied by 3
 - o USA – multiplied by 2
 - o National or below – multiplied by 1
- Participation Points – any 2023 USAV tournament before application deadline – 5 points

POINTS ACTIVITY*	Jan/Feb events	Mar/April events**
Qualifier Top 10 finish	50 points	70
Qualifier Top 20 finish	40 points	60
Qualifier Top 30 finish	30 points	50
Multi-day top 5 finish	40 points	60
