What is USA Volleyball?

It is the National Governing Body for the sport of volleyball in the United States; therefore, it is USAV's primary responsibility to increase volleyball participation at all levels, promote and support the USA National Teams, and enhance general interest in the sport in the U.S. USAV implements its mission through a staff of volleyball professionals headquartered in Colorado Springs and Anaheim and affiliations with 40 Regional Volleyball Associations (RVAs). Additionally, USAV is affiliated with 37 other National member organizations representing well over 3 million volleyball players nationwide.
