

Carolina Region Requirement for Officials to score a match each season

All non-National Officials will keep score on a live match during the season and this will be required every other year going forward. Failure to do so can result in the official having a status of “Not in Good Standing” with the Carolina Region. Officials that are “Not in Good Standing” may lose their privilege to officiate Carolina Region-sanctioned events.

- Officials will keep score on a live match during a Carolina Region sanctioned tournament
- When the match is over and the score sheet is completed:
 - Ask the TD to make a copy of the score sheet for the official if they are able
 - If an actual copy is not possible the day of the event, then the official can take a picture of the scoresheet on their phone (making sure it is legible). All sets played should be copied/photographed and turned in. **DO NOT TAKE THE ORIGINAL SCORE SHEET, ONLY TAKE A COPY. LEAVE THE ORIGINAL WITH THE TOURNAMENT DIRECTOR.**
- Official will submit that score sheet to the refchair@carolinaregionvb.org and the scorechair@carolinaregionvb.org
- The Score Chair will provide feedback to the official with a red marked score sheet to identify errors with a copy to the Ref Chair.
- The Score Chair will notify the official and Referee Chair should the official need to score an additional match.
- The Ref Chair will file the score sheet in the official’s folder with their rating sheets.
